From waste into something wonderful

Redefining Sustainability - 100% Recycled, 100% British

What was once plastic waste is now a classroom essential.

100% Recycled, 100% Smart: Every Titan One Piece Retold Chair gives discarded plastic a new purpose - keeping harmful pollutants out of landfills and oceans.

Circular by Design: A sustainable choice that supports the planet and sets a positive example in every learning space.

Big on purpose light on the planet

Low Impact, Big Difference.

By ditching wood and using 100% recycled plastic, the Titan One Piece Retold keeps emissions low and trees where they belong.

Energy-Smart Manufacturing: Recycled plastic takes far less energy to produce than virgin plastics, meaning less carbon and more conscious classrooms.

Primary & Secondary Chairs
